Indole-3-Carbinols	✓	✗	✗	✗	✗

\*NGX contains a 6:1 concentrate of pure noni juice (Morinda Citrifolia). Each ounce of NGX has the equivalent of 1.5 oz of noni juice.

The product development team at ForMor International searched the entire globe to discover the finest ingredients known to man. Many of these ingredients have been used for centuries to help people look better, feel better and live healthy. Through a special proprietary blending process, each ingredient was synergistically combined with the others. The result has been a revolutionary breakthrough in nutritional technology. Never before have all these powerful ingredients been available in a single product. No longer do you need to use five to ten different products to reap the necessary benefits. NutraGenix is THE complete nutritional product.

*For the last six or seven years I have watched my Mom fade away. She has seen numerous specialists and spent thousands of dollars and has not gotten any better. Three days after taking NutraGenix, she was so happy and full of energy. After five days, she felt better than she had in years and I am getting Mom back and you can't imagine how good it feels. If it wasn't for NutraGenix, my Mom would still be suffering. Thank you so much!*

Les & Jessie Howlett - Nebraska

# The Ultimate Nutritional Drink

**Peru**

**Maca**

For centuries, the Incans lived off the mighty plant known as maca. Packed with nutrients, maca was so valuable that the Conquistadors demanded their taxes be paid in maca instead of gold. Maca's beneficial effects can be explained by its high concentration of proteins and nutrients. Maca contains vitamins, minerals, lipids, and protein derived from amino acids. Maca is an adaptogenic antioxidant which helps to cleanse, balance and nourish the body.

**The United States**

**Aloe Vera** has been used for many years because of the powerful nutritional benefits it provides. It is packed with valuable vitamins and minerals and other needed antioxidants. We use only the best, organically-grown, cold-processed, whole leaf aloe vera.

**1000mg of MSM per ounce**  
MSM has been proven to be beneficial in providing relief for stiff and painful joints.

**Colloidal Trace Minerals** come from many different sources, including both land- and sea-based vegetation. The key is that the source be plant-based. These are trace minerals in their most usable form.

**China**

**Huperzine A**

For centuries in the Far East, traditional healers have used a rare moss (*Huperzia serrata*) found in the colder regions of China. Only recently did scientists uncover the remarkable quality in a substance they isolated in the moss, called Huperzine A.

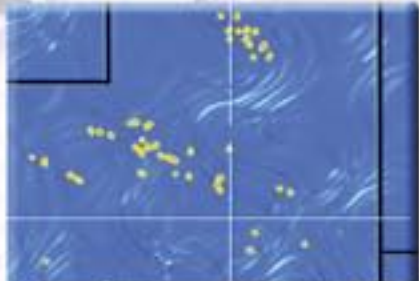

**NutraGenix - A World of Nutrition in Every Drop**

**Noni Juice**

For thousands of years, the Polynesians have used the noni fruit to stay healthy. This fruit is literally packed with nutrients and antioxidants. ForMor uses a 6:1 concentrate so that you get the equivalent of an ounce and a half of pure noni juice in every ounce of NutraGenix.

The many benefits and uses of Noni have been passed down for generations among the people of the South Pacific. Even though the Noni fruit has been a treasured part of life in the islands for centuries, most people outside of this region are unaware of this powerful fruit.

**Tahiti**

**B-Vitamins**

B-vitamins are essential to healthy living. Research has also shown some tremendous benefits, including: healthy vision, cardiovascular health, healthy skin and proper brain function.

**Vitamin C from Sodium Ascorbate**

Dr. Alfred Libby called sodium ascorbate, "God's perfect nutrient." This is the alkaline form of vitamin C. It provides much more antioxidant protection and is gentle to your system.

**Ellagic Acid**

When you look at all the research being done on Ellagic Acid, you can see that this is a powerful ingredient. ForMor uses only the finest ellagic acid from red raspberries.

**Chromium Polynicotinate**

This is chromium in its most bio-available form for quick and easy absorption. Chromium is a vital nutrient that supports glucose metabolism.

**CoQ10**

CoQ10 is talked about in many medical journals for its tremendous value in heart health. This ingredient alone makes this product worth every penny.

**Electrolytes**

In our busy lives our need to replenish nutrients is overwhelming. NutraGenix contains a complete electrolyte package to replace the valuable nutrients lost in sports and exercise activities.

**Grape Seed Extract**

For many years, the people in southern France have experienced a level of health that others have not. Dr. Jack Masquelier discovered that their secret was the OPC's found in the extract from the seeds of red grapes. OPC's provide tremendous antioxidant protection.

Grape seed extract is a natural plant substance that has a concentrated source of oligomeric proanthocyanidins (OPC). These anti-oxidants help protect cells from free radical damage and also promote healthy circulation. Grape Seed Extract is rich in polyphenols, a compound that's high in antioxidants.
